October 25, 2018

To whom it may concern,

As Director of Disability services for Rutgers Biomedical and Health Sciences, I have been working with Lauren Harbaugh regarding disability accommodations since November 2017.

Lauren has continuously received and utilized the following accommodations since the Fall 2017:

1. Extended time for in class/online exams and quizzes **Note:** the extended time from November of 2017 through August 2018 was time and a half. With additional documentation, pointing to a combination of increased anxiety along with slow processing, the accommodation was increased to double time in August of 2018.
2. Reduced distraction testing location

Feel free to call me if you have any question, concerns or need any clarifications.

Sincerely,

Cindy Poore-Pariseau, Ph.D
